13 May 1958

1. Approval of Minutes

6 May Meeting  
(IAC-M-340)

Approved as written, subject to the following amendment of the third line of paragraph 5 b: delete the words "first four" and substitute "second, third and fourth."

2. Situation Review

a. Watch Committee Report  
No. 405

Noted.

b. Review of Sensitive Situations

Mr. Arneson informed the members regarding a recent message from Ambassador McClintock and the members discussed the situation in Lebanon in considerable detail, especially matters such as the stability of the government, the attitude of the military, pertinent external factors and possible implications for the US of these developments.

The members also referred to the situations in Indonesia, Venezuela and Algeria (the latter in executive session).

3. Ad Hoc Working Group Report

on Arab-Israeli Situation  
(Report, dated 1 May, and special Supplement available through working group representatives)

a. The members noted this report, with the understanding that page 1 of the annex on Soviet Bloc arms holdings in the Egyptian Sector (UAR) would be revised to reflect a higher figure for the MIG 15/17 jet fighters, when that figure is considered firm by the Air Force, and circulated to holders of the report.

b. The Chairman referred to certain statements presently carried on the cover of these reports pursuant to an earlier decision of the IAC (IAC-M-239, 8 May 1956, item 5 b) and the members concurred in his suggestion that hereafter the statement that "This paper has not been specifically approved by the IAC itself" should be deleted. It was also agreed that, in the future, these reports normally would be noted at the first IAC meeting following clearance by the working group and prior to the general distribution of the report; however, it was also understood that situations might develop which would require a report to be cleared by the IAC agencies and given general dissemination immediately following its completion by the working group and prior to the next regular IAC meeting.

4. NIE 13-58

Communist China

a. Approved as amended.

b. Admiral Schuirmann stated that a post-mortem and validity study would be presented for IAC consideration at a later meeting.

c. No member objected to the release of this estimate to USIA.

5. Executive Session

At 1200 the Chairman requested an executive session.

2. The list of IAC members present at the meeting of 29 April (IAC-M-339) should be revised to indicate that "Rear Admiral Vernon L. Lowrance, Acting Director of Naval Intelligence" represented the Department of the Navy rather than Rear Admiral Frost.
